

Security parking spaces
before the parking of vehicles

Stirrup parking
SILVER II

Durability
Functionality

* Three types of finishes are available. Stirrups electroplated, galvanized and stirrups protected against corrosion by the „duplex”, method combining hot-dip galvanizing and powder coating, guarantees an extremely long service life without the need of renovation.

* Parking shuttles restrict access to reserved seats. Allow persons entitled access to parking spaces/ stirrup positioned /, and at the same time prevent entry entitled vehicles / stirrup in standing position /.
