Preferred Supplier

Dear Mrs. Gebert,

The HESS Group has been working with METALTECH for complex welded assemblies since 2016 in a continuous manufacturing process for our bus production line in Switzerland and Portugal

During this time, Metaltech has developed into a flexible and very competent supply partner. Metaltech has therefore become a preferred supplier for our welded assemblies.

As an owner-managed company, HESS particularly appreciates the cooperation with METALTECH, also an owner-managed company themselves, the partnership-based cooperation and furthermore the open communication with the contact partners.

On behalf of HESS, we would like to express our sincere thanks to METALTECH for the many years of cooperation and partnership.

Kind Regards

Carrosserie HESS AG

Mathias Buri
Sourcing Manager SCM HESS Group

Giuseppe Terlizzi
Head of SCM HESS Group
